

## Just Around The Hill

Sash!

What if the world was out of trouble  
What if the world was out of pain  
Would it be a world thats worth living in  
Without anything  
Thats worth a sin

What if the world was out of hope  
Would you find a place where you belong  
You said to yourself that you'd never make it that far  
And the mountains too high  
The answer is

Just around the hill  
Just around the hill  
Take a look from the other side  
Suddenly you see  
There are many ways  
Don't go astray  
Just walk around  
Walk around that hill

What if the world was out of love  
And all that we do don't mean a thing  
You take a chance  
No suffering  
No suffering  
For anything  
You're risking yourself  
Do you really want it that way?  
The mountains too high  
The answer is

Just around the hill  
Just around the hill  
Take a look from the other side  
Suddenly you see  
There are many ways  
Don't go astray  
Just walk around  
Walk around that hill  
Just around the hill  
Take a look from the other side  
Suddenly you'll see  
There are many ways  
To go astray  
Just walk around  
Walk around that hill  
Walk around that hill  
Hmmm  
Walk around that hill
