

Never Be Alone

Sash!

We could go, anywhere we want to go
Living lost and don't let go
Never be alone

We could go, anywhere we want to go
Living lost and don't let go
Never be alone

You'll never be alone
You'll never be alone
You'll never be alone
You'll never be alone
You'll never be alone
You'll never be alone

You'll never be alone as long as you are with me
And I can take you places that you've never been
So follow me
Just follow me
So follow me
Just follow me
So follow me
Just follow me
So follow me

You'll never be alone
