

Raindrops (Encore Une Fois)

Sash!

Hold my hand let's chase the sun
We both know something's begun
Nothin' feels that real without you
Wanna learn so much about you

Shining star I've seen your face
Everything falls into place
Nothing else seems to matter
You bring me to life

Feels so lonely,
Won't you show me,
Where I need to be,
You bring me to life.

Feels like the raindrops on my skin,
You reach me somewhere deep within,
You make my body come alive,
You bring me to life.

I whisper things you never knew,
I can't believe that tonight I'm here with you,
You make my body come alive,
You bring me to life.

See it burning in my eyes,
Don't want words,
Don't want no lies,
They say more than what is spoken,
Promises always get broken.

Feels so lonely,
Won't you show me,
Where I need to be,
You bring me to life.

Feels like the raindrops on my skin,
You reach me somewhere deep within,
You make my body come alive,
You bring me to life.

I whisper things you never knew,
I can't believe that tonight I'm here with you,
You make my body come alive,
You bring me to life.
