

Walking The Wire

Sash!

I'ma let it all just float away
Everything I've done, my past mistakes
And I might seem amiss but through the looking glass
Everything is feeling oh so good to me
So close your eyes, don't be afraid

No, we're never coming down
No, we're never coming down
And I will walk in the wild, up in the air
Higher and higher, ooh
Now we're never coming down
No, we're never coming down

And baby take my hand, you can trust in me
Oh-oh-oh-oh
We don't need a plan, just wait and see
Ah-ah-ah-ah
We could be flying high, you're safe with me tonight
Moving forward, no, we're never looking back
Soon, this will all be a memory

No, we're never coming down
No, we're never coming down
And I will walk in the wild, up in the air
Higher and higher, ooh
Now we're never coming down
No, we're never coming down

I've been holding on
To what we are, what we are tonight
But we gotta let it go, ooh
So emotional, our feet won't touch
The ground I'll feel so hard
Gotta let it go

No, we're never coming down
No, we're never coming down
And I will walk in the wild, up in the air
Higher and higher, ooh
Now we're never coming down
No, we're never coming down
