

can't stop

Sasha Keable

Oh no, no, not again
I might just fill your head with lies and fuck on one of your friends
I didn't think I was that toxic, but, shit, what do I know?
I didn't have the heart to stop it, couldn't let you go
Wish that you would get me started, you fail to acknowledge
I talk my shit regardless, yeah
And back then, you was a problem, but now that's not my problem
I'm better off without you

Got my head and my hands at a red light
Living life on the edge till I hit rock bottom
Tossing and turning the whole night
I know that I, I should, but

I can't stop (Can't stop)
I can't stop (Can't stop)
Tried and I tried, but I can't stop
I got what you need, come get what you came for

Push this for me, keep on comin'
I like no matter how you used to fuckin'
This shit bussin', uh, bussin'

Pack in with me, mm, if you a freak
I been on this road a while, it's getting a little lonely
I could never give you the life that you ask for
Not even my type, no wonder you insecure, oh
Tryna intimidate me, talking 'bout your ex-bitch
You should be grateful that I gave your ass an exit
Apologise that I ain't all that you expected, oh, but

Got my head and my hands at a red light (Red light)
Living life on the edge till I hit rock bottom
Tossing and turning the whole night
I know that I, I should, but

I can't stop (Can't stop)
I can't stop (Can't stop)
Tried and I tried, but I can't stop
I got what you need, come get what you came for

Push this for me, keep on comin'
I like no matter how you used to fuckin'
This shit bussin', uh, bussin' (Shit bussin', oh, this shit bussin')
Push this for me, keep on comin'
I like no matter how you used to fuckin'
This shit bussin', uh, bussin'
