

move it along

Sasha Keable

(Oh, oh) I say, yeah, yeah, yeah, yeah, yeah
(Oh, oh) Yeah, yeah, oh

Really had it bad for ya, wish it was simple
Now, all the love I had for ya is out the window
Wait until my brand new boo finds out I'm single
All that feeling sad for ya is out the window, window

Got me like move it along, please
Off of my lawn, please
Bring me along, please
Move it along, please
Off of my lawn, please
Move it along, please, oh

Shoulda seen the signs
But I look to the other side
You're own people told me you was just a waste of time
Finally free of lies, I over fantasise, ooh, woah
But hurry up and move it, cause you're holdin' up my line, mmh
When I say it's over, understand
When you don't cryin' no more, then you should panic

Got me like move it along, please (Move it along)
Off of my lawn, please (Oh)
Bring me along, please (Yeah)
Move it along, please (No, yeah)
Off my lawn, please
Move it along, please, oh

Hey, yeah, it's been two years, six months and eight days
You sold me a dream, I bought the whole thing
You know how many girls I could've entertained
Had it down for you, I bet you can't relate
And I thought I told you, don't play with a real one
Maybe, I'm gon' have to show you, oh
I can't even keep track of all the girls that I said no to
But I shoulda known your type, you're the type that learned to always lie

Got me like move it along, please (Oh, yeah)
Off of my lawn, please (No)
Bring me along, please (Yeah)
Move it along, please
Off of my lawn, please
Move it along, please (Woah)

(Oh, oh) Yeah, oh
(Oh, oh) Oh
(Oh, oh) Eeh
(Oh, oh) Yeah, oh

Move it along, move it along
Ooh, ooh, oh, ah
