

# Take Your Time

**Sasha Keable**

Try to separate my love and friendship from my time  
It don't make sense that we still teeter on this line, oh, ah  
Why'd you sit me down to talk if all these emotions escape your mind?  
Don't wanna give you my heart if you can't promise you

You gon' call me in the morning when you want it  
Pussy golden, have you feeling like a billionaire  
Felt the urge, I made the text and you responded  
No more going back and forth like we a rocking chair

Just take your time with me, ooh  
Take your time with me, yeah

Pretend there was no one before you  
Pretend it was you from the start  
How'd I deal with it before you?  
And that's the bit that really tears me apart  
'Cause what I feel ain't what you feel when we in your bed, oh  
We got a deal we had agreed upon [?]

You gon' call me in the morning when you want it  
Pussy golden, have you feeling like a billionaire  
Felt the urge, I made the text and you responded  
No more going back and forth like we a rocking chair

Just take your time with me, ooh  
Take your time with me, yeah

I'm thinkin' I should, you're hopin' I will  
Want me to be gentle, that's part of the deal  
So I'm takin' my time, two-tone AP, not wastin' my time  
You should do me like a sergeant if I can't stay in line  
Call me out, cuss me out and shit  
That's the punishment you pay for being counterfeit  
Back and forth like a rap beef, did you sign off from your ex?  
If he texts, you should tell him you at me  
I want you above me, but this shit is beyond me  
You're fightin' to be hard, I'm really your heartbeat  
With all the back and forth, I was keepin' the tab open, but you set the bar  
Now I'm on my last, uh, cheers to the past, yeah

Just take your time with me, ooh  
Take your time with me, yeah

You gon' call me in the morning when you want it  
Pussy golden, have you feeling like a billionaire  
Felt the urge, I made the text and you responded  
No more going back and forth like we a rocking chair  
You gon' call me in the morning when you want it  
Pussy golden, have you feeling like a billionaire  
Felt the urge, I made the text and you responded  
No more going back and forth like we a rocking chair

Just take your time on me, ooh (Take your time, take your time)  
Take your time on me, yeah (Take your time, take your time)

I can take the time for you

I can suffer but can't, oh  
I can take the time please you  
I can see it in you, oh, baby, baby, baby
