

WHY

Sasha Keable

I spent plenty on this spot
Booked a nice hotel for the both of us
If it's you, it's not a lot little mama
We're not close enough
I wanna be inside you, woah
Under your skin, I'll say it again
Close ain't enough

Who gave you permission to be this perfect
I think you should go ahead and thank your momma for me
Lord knows what I did to deserve this
'Cause you done stood by, stood by, stood by, stood by me, yeah
And I know I'll never find somebody better

Why is it me
You give all this love to
Why is it me
You give all this love to
Why is it me, oh
You give all this love to
Why, oh, why
Am I that important

Ten thirty on the dot
Always on time, you're never late for our rendezvous
You bought me a bottle from the shop
Ooh girl you know just what I like, you know me better than my
own damn self
You the real deal, that's just how I feel
Through sickness and health, you got me

Who gave you permission to be this perfect
I think you should go ahead and thank your momma for me
Lord knows what I did to deserve this
'Cause you done stood by, stood by, stood by, stood by me, yeah
And I know I'll never find somebody better

Why is it me
You give all this love to
Why is it me
You give all this love to
Why is it me, oh
You give all this love to
Why, oh, why
Am I that important
