

Lie

Sasha Sloan

Don't sleep on the couch again, even though you took it for the weekend
Kiss me like you wanna stay, even though you're thinking about leaving

Please just fake it, pretend to look when I'm naked
Don't be honest, promise me that you want this
Say you're lucky, say you're lucky to love me like you used to
Even if it isn't true

I want you to lie, lie right to my face
Want you to put your hands on my waist
Can we just dance till the skies are white?
'Cause I really can't get my heart broken tonight

I want to you to show me there's a future here, even if you've never really
seen it
Tell me when you close your eyes I'm all you see, even if you don't dream it

Please just fake it, pretend to look when I'm naked
Don't be honest, promise me that you want this
Say you're lucky, say you're lucky to love me like you used to
Even if it isn't true

I want you to lie, lie right to my face
Want you to put your hands on my waist
Can we just dance till the skies are white?
'Cause I really can't get my heart broken tonight
I want you to

Touch me like you did in the beginning
Baby, just give me another day
Touch me like there isn't something missing
'Cause even if you don't stay

I want you to lie, lie right to my face
Want you to put your hands on my waist
Can we just dance till the skies are white?
'Cause I really can't get my heart broken tonight

I want you to lie, lie right to my face
Want you to put your hands on my waist
Can we just dance till the skies are white?
'Cause I really can't get my heart broken tonight
I want you to

Touch me like you did in the beginning
Baby, just give me another day
Touch me like there isn't something missing
'Cause even if you don't stay

I want you to lie
I want you to lie
