

# Shuffle

Sass Jordan

Stay off the grid in the summer  
Sleep in the fields come fall  
Shuffle your feet right away from the heat  
And nothing can burn you at all

Get your family together  
Roll in your sweet baby's arms  
One step ahead of the searchlight  
Hiding behind the barn

These are crying times  
A river of tears and deceit  
So easy to feel blind  
Why does it seem so hard to be free?  
These are wild times

Nothing is the way that it seems  
You never know what you'll find  
But it feels so good to be free

We're all brothers and sisters  
So there ain't no reason to crawl  
If you're not plugged in you ain't living in sin  
And nothing can burn you at all

Get this family together  
Roll in my sweet baby's arms  
One step ahead of the searchlight  
Never gonna come to no harm
