

Set Me on Fire

Satan Takes a Holiday

Hold me
Set me on fire
There's no time for a one man trial
Let me burn
My body in flames
I'll always love you
Just the same
Tear drop on the fire
Patience run out
Love expire
Let me feel
My body can take
One more night
To stay awake
Hold me
Set me on fire
Show me
What a world you desire
Throw me

Onto the fire
No holds barred
All high stakes
So give them your fire
Tell me
What do you want?
Pay what you will
None up front
Say his name
In every breath
Every night
Until death
Tear drop on the fire
Nothing else
Takes you higher
Let me feel
My body can take
One more night
To stay awake
