

Back To Me

Satin Jackets

This boy been gone a long time
Sunlight coming back to me
Green light from coast to coast, yeah
In front of me

Heartbeat, my heartbeat
Comin' back to me, comin' back to me
Feelin' like there's something I lose when I keep you
Comin' back to me, comin' back to me
Heartbeat (and my heartbeat
And my heartbeat, and my heartbeat)
It's easy without no one
(And my heartbeat) heartbeat (and my heartbeat
And my heartbeat, and my heartbeat)
Feeling's go from seven to one

I feel it, feel it, feel it, comin'
Comin' back to me, comin' back to me
I feel it, feel it, feel it, comin'
Comin' back to me, comin' back to me

This boy on the red line
Forget what you said to me
This time they held us both back
Now I think of you

Heartbeat, my heartbeat
(And my heartbeat, and my heartbeat)
Comin' back to me, comin' back to me
(And my heartbeat, and my heartbeat)
Feelin' like there's something I lose when I keep you
(And my heartbeat, and my heartbeat)
Comin' back to me, straight back to me
(And my heartbeat, and my heartbeat)

I feel it, feel it, feel it, comin'
Comin' back to me, comin' back to me
I feel it, feel it, feel it, comin'
Comin' back to me, comin' back to me

Just like
Comin' back to me, comin' back to me
Feelin' like there's something I lose when I keep you
Comin' back to me, straight back to me

I feel it, feel it, feel it, comin'
Comin' back to me, comin' back to me
I feel it, feel it, feel it, comin'
(And my heartbeat, and my heartbeat)
Comin' back to me, comin' back to me
(And my heartbeat, and my heartbeat)

Comin' back to me, comin' back to me
(And my heartbeat, and my heartbeat)
Comin' back to me, comin' back to me
(And my heartbeat, and my heartbeat)
I feel it, feel it, feel it, comin'

(And my heartbeat, and my heartbeat)
Comin' back to me, comin' back to me
(And my heartbeat, and my heartbeat)
Comin' back to me, comin' back to me
(And my heartbeat, and my heartbeat)
Comin' back to me, comin' back to me
(And my heartbeat, and my heartbeat)
I feel it, feel it, feel it, comin'
(And my heartbeat, and my heartbeat)
Comin' back to me, comin' back to me
(And my heartbeat, and my heartbeat)
