

# Closer To Me

Satin Jackets

Closer to me  
Yeah  
Closer to me  
Yeah  
Closer to me  
Yeah  
Lose our minds and be free  
Yeah  
Cause it might be the last time for you and I

I'm in love, I'm in love with a piece of you  
You know just what to do  
To make me feel desired  
Baby

Had a feeling that we wouldn't play pretend  
Had a feeling that we'd get it to the end  
Had a vision dipped in glittering magic  
All the minutes in the hours passing motion

Yeah  
Closer to me  
Yeah  
Lose our minds and be free  
Yeah  
Cause it might be the last time for you and I  
Yeah  
Closer to me  
Yeah  
Lose our minds and be free  
Yeah  
Cause it might be the last time for you and I

And I know and I know and I know it's true  
Cause my body shakes for you  
Cause you know that you see me baby  
Baby

Had a feeling that we wouldn't play pretend  
Had a feeling that we'd get it to the end  
Had a vision dipped in glittering magic  
All the minutes in the hours passing motion  
Yeah motion

Closer to me  
Yeah, glittering  
Lose our minds and be free  
Yeah, motion with me  
Cause it might be the last time for you and I

Closer to me  
Yeah  
Lose our minds and be free  
Yeah

Had a feeling that we wouldn't play pretend  
Had a feeling that we'd get it to the end

Had a vision dipped in glittering magic  
All the minutes in the hours passing motion

Closer to me  
Yeah, baby  
Lose our minds and be free  
Yeah, motion with me  
Cause it might be the last time for you and I
