

# Different Directions

Satin Jackets

I wake up happier than ever  
It seems the most fitted I've ever felt  
Oh, how I ever felt  
I balance, I balance you and me  
With confidence right here on my back  
While I walk, while I walk fast  
Oh how I walk, how I walk fast

How I walk fast  
Oh, how I walk fast  
Oh, how I walk fast

Hold up  
I'm moving in different directions  
In one go, I don't feel the pressure  
For once, I'm going for the words I'm  
I'm feeling

I run fast, steadier than ever  
It seems the most balanced I've ever been  
Oh, how I ever been, mmh  
I wonder, wonder 'bout you and me  
I'm dedicated to make it last  
Could I learn, could I learn fast?  
Oh how I learn, how I learn fast

Would I learn fast?  
Oh, how I learn fast  
Gotta learn faction

Hold up  
I'm moving in different directions  
In one go, I don't feel the pressure  
For once, I'm going for the words I'm  
I'm feeling

I move to the left, move the right again  
I slide to the back, turn right around again  
I don't do what they say, I don't do what they say  
I don't do what they say

What they say  
What they say
