This never happened to me  
This never happened to me  
This never happened to me  
This never happened to me

This never happened to me  
This never happened to me  
This never happened to me  
This never happened to me

I can't breathe in  
This never happened to me  
This never happened to me  
I can't breathe in

I can't breathe in  
This never happened to me  
This never happened to me  
I can't breathe in  
This never happened to me
