

# Never Enough

Satin Jackets

They can call me crazy  
Say I'm out my mind  
Spark imagination  
You get me so high

You make the worst of cravings (I cannot deny)  
You got me addicted (It just took one night)  
Think I'm levitatin' (Take me on a ride)  
Maybe I'm just hallucinatin' (You got what I like, what I like)

No, it's never enough  
Got to have all your love  
Keep fillin' me up  
Boy, your touch is my drug

No, it's never enough  
Got to have all your love  
Keep fillin' me up  
Boy, your touch is my drug

Never enough

If I'm dreamin' please don't wake me  
Lay here for the night  
I toss and turn when you're not with me  
Can't get enough of your supply

You make the worst of cravings (I cannot deny)  
You got me addicted (It just took one night)  
Think I'm levitatin' (Take me on a ride)  
Maybe I'm just hallucinatin' (You got what I like, what I like)

No, it's never enough  
Got to have all your love  
Keep fillin' me up  
Boy, your touch is my drug

No, it's never enough  
Got to have all your love  
Keep fillin' me up  
Boy, your touch is my drug

Never enough

My love, you never give enough  
My love, you never give enough (never give enough)  
My love, you never give enough (never give enough)  
My love, you never give enough

No, it's never enough  
Got to have all your love  
Keep fillin' me up  
Boy, your touch is my drug

No, it's never enough  
Got to have all your love  
Keep fillin' me up

Boy, your touch is my drug

Never enough
