

# The Future

Satin Jackets

When you lie  
Here alone  
The lying is lonely  
Looking out  
Looking up  
Now that the falling is lonely

Going the wrong way  
I love you but  
Want you to know  
God, I love you but  
I've got no control  
No, no don't get me wrong

There in my heart  
There in my heart  
In the future  
There in my heart  
You're there  
In the future

Hanging out let me up  
Where the water is blue now  
Looking down below  
It's like I'm falling slowly

Going the wrong way  
I love you but  
Want you to know  
God, I love you but  
I've got no control  
No, no don't get me wrong

There in my heart  
There in my heart  
In the future  
There in my heart  
You're there  
In the future

There in my heart  
There in my heart  
In the future  
There in my heart  
You're there  
In the future
