Sauce Walka

Fuck you bitch  
GMB GMB GMB GMB GMB

Break me off bitch, zip it open let me see it  
You lookin' for a spill type nigga let me p it  
Got the Maybach Benz', parked outside  
It ain't no faggot bitches ever sittin' in my ride, on a  
Po' somthin', hol' somethin' basis  
And if the bitch choosin' then she bringin' big faces  
Honey bun racist, she gotta' get naked  
I know the bitch from earth but I done put her in a spaceship, put her in a  
spaceship

Beep Beep, who got the keys to the G-Wagon Jeep  
Brand new Margiela's look like I got dragon feet  
Rizzoo's diamonds yellow look like santa took a pee, smokin' Christmas tree  
Bitch how could this be, bitch how could you leave  
Bitch why would you leave, your brain size of a bean  
Face build like a queen, but fuck it pour mo' lean

She hustle cheap schemes, before we share big dreams  
Settle for neat things, instead of elite things  
Trapped in [?] jeans before them Dior things  
No house where the door rings, now shes on three floor things

Bitch a survivor, big deep sea diver  
One day she see herself draped down in Prada  
One day she see herself takin' care of mama  
She givin' all she gotta', she wanna' be a provider  
When she was a lil' girl she saw herself bein' a model  
She grew a lil' fast, already shaped like bottle  
So what did that do, expose her eyes to mo' problems  
She found out men were jokers, not Batman's or Robin's  
Imagine bein' [?] by the eyes of the goblins  
She fell right in the game, like it was said by Simon  
Now baby girl tryna' use her ass to see a island  
But can you really blame her or is it all about timing?
