Sauce Walka

My chopper is decorated, my soda is medicated
Thugging bitches on my phone, tryna come home 'cause they tired of renegadin
'
Any nigga outta line with me on sauce, buddy getting demonstrated
I've been buying new mansions, inside new everything renovated
I'll show them I'm dedicated
My chopper is decorated, my soda is medicated
Thugging bitches on my phone, tryna come home 'cause they tired of renegadin
'
Any nigga outta line with me on sauce, buddy getting demonstrated
I've been buying new mansions, inside new everything renovated
I'll show them I'm dedicated

I'll show them I'm dedicated
Niggas wanted me to fall off but I levitated
55th floor elevated
I bought some diamonds and celebrated
I broke a new bitch and celebrated
I bought a zip it evaporated
I bought a pound it evaporated
None of my sauce oversaturated
I spit the word like a pastor made it
I'm in my city I am the greatest
TSF brought the North and South back together, they was separated
Blessed the city for a generation
Syrup hoarding niggas still hatin'
But we still putting on, just like we buying more candies than the navy
I got loyal killers with me daily
I gotta make it home to my baby
I broke the game 'fore I let you play me
I sip the Sauce 'cuz that's what saved me

My chopper is decorated, my soda is medicated
Thugging bitches on my phone, tryna come home 'cause they tired of renegadin
'

You niggas is fabricated
Nigga plotting on your own partner 'cuz the man made it
Boy you need to get decapitated in the grass, sell your brother like a snake
, and
Street love really be the fakest
'Cause everybody just tryna make it
Boys'll do anything loyal or disloyal for the eggs and bacon
That's the dice that a nigga shakin'
We ain't standing on the concrete
Making money where the mud be
Or you'll blow up from your hood street
Bank account six figures deep

Now everybody was there for you
They'll rob and they'll die and they'll kill for you
But when you say "no" they'll bring hell on you
I'm taking my family I swear I do
I do for my niggas best I can do
I'm pouring the syrup to make it through
I done dripped so much juice it fucked up my tooth

My chopper is decorated, my soda is medicated
Thugging bitches on my phone, tryna come home 'cause they tired of renegadin
