

Friend Or Foe

Saucy Santana

You can't motherfucking deny it bitch
Fake ass friends, fake ass hoes

You can't deny it, my page and you subscribing
You know you can't fuck with me
Is you really down to ride
Is you really down to slide
Friend or foe, do you fuck with me

I don't hang with hating hoes
I don't know you, not your bro
Rather be lonely at the top with just me
I got a best friend doing time
He still wanna see me shine
Friend or foe, do you fuck with me

Backstabbers, you hoes ain't real
Dickgrabbers, clout gone get you killed
With fake friends, yo tea get spilled
Real bitches, we stay tryna build
Kick them hoes out ya house
They want to flex on the gram
Kick that bitch out ya car, she wanna fuck on ya man
You know these bitches real thirsty, with a hateful game plan
I'm building from the ground up and you can't know the floor plan
In My Instagram Page, you can't take to the rent man
I'm the boss to you bitches, hit me through the middle man
I tried to be nice, I tried to be cool
But I'm the Don Dada, gotta play by my rules

You can't deny it, my page and you subscribing
You know you can't fuck with me
Is you really down to ride
Is you really down to slide
Friend or foe, do you fuck with me

I don't hang with hating hoes

Rather be lonely at the top with just me
I got a best friend doing time
He still wanna see me shine
Friend or foe, do you fuck with me

Fake ass friend, you a fake ass bitch
Square ass hoes, yall make me sick
I run up a band, I'm tryna get rich
But it's knuck if you a buck if a boss get slick
Lil bitch don't make me cut up
Make a sweet bitch melt like butter
Make it hot in this bitch, young gunna
Not my sis, you is not my brother
I do not play with lames
You can't have my last name
Don't talk just give me brain
No returns no exchange
Now that's how the shit gone go
Playing dumb but a nigga really know

When I hit the city like woah
All this ice on me and my zo
I really wouldn't go against me
It would not be for yo good
I really wouldn't wanna tempt me
If I had a wish, I wish a bitch would

You can't deny it, my page and you subscribing
You know you can't fuck with me
Is you really down to ride
