

# If It's Up

Saucy Santana

Yea yea, niggas be going beastmode and shit  
I'm finna go gorilla though

I pick up backends bitch (backend baby)  
You pick up paychecks sis  
I like Crips, but it can get bloody  
With your mouth, you better watch that diss  
I feel like I'm the shit  
Rollie, rollie, hittin' right on my wrist  
Got beef then step into the light  
You bitches all bark no bite

Just me bitch I be wylin'  
Pimping niggas like Megan The Stallion  
New day new nigga, money getting bigger  
Broke boys don't bring figures

All black bitch I be mobbing  
Solo batman no robin  
Don't push I'ma killer  
Wake up the thriller  
Always bout my skrilla

If it's up, then it's stuck  
Talking tough, bitch knuck if you buck  
I ain't come to play around  
Run through your crew and lay that motherfucker down  
My hands itching try your luck  
A firecracker, bitch I'm guaranteed to bust  
I ain't come to play around  
Run through your crew and lay that motherfucker down

Act up when you see me  
Real life no TV  
Oh you blind, hey Stevie  
Bitch I ain't playing no Keke  
Balling on hoes, scoring on niggas

Throwing it back, he keep busting them triggers  
Hood with the Hilfiger, Boujie with Chanel  
Birds on the way, bricks on the scale

It's a lick at the door, let him come in  
Snatching his soul, won't see him again  
Is you gone ride, time only tells  
Time wait for no man, I'ma wish you well  
Step in my ring, watch and see  
Line it up hoes, 1 2 3  
Fine as wine, thick as a thief  
Handling issues, ain't copping no plea

If it's up, then it's stuck  
Talking tough, bitch knuck if you buck  
I ain't come to play around  
Run through your crew and lay that motherfucker down (boox5)  
My hands itching try your luck  
A firecracker, bitch I'm guaranteed to bust

I ain't come to play around  
Run through your crew and lay that motherfucker down

Yea, niggas really don't motherfucking know me  
Yall niggas act like yall bout that action  
But I got a motherfucking issue  
Stop playing with a real bitch  
Actually stop playing with a real nigga  
Gang gang shit bitch!
