

# Fear No One

SAULT

No one, no one, no one, no one

Fear no, fear no, fear no, fear no  
Fear no one, fear no one  
Fear no, fear no, fear no, fear no  
Fear no one, fear no one  
Fear no, fear no, fear no, fear no  
Fear no one, fear no one

God made the heaven  
God made the sun  
God made the devil  
Don't judge no one  
Even though he out there  
Hustling daily  
Survive in the darkness  
We must overcome

Fear no, fear no, fear no, fear no  
Fear no one, fear no one, mmm  
Fear no, fear no, fear no, fear no  
Fear no one, fear no one

God made good  
And he made us  
God made live  
And he made man equal  
No one is better than  
No one is better than  
See, no one is lesser than  
Than no one  
It make no sense to hate  
No sense you underrate  
Now why would you segregate  
Fear no one

Fear no, fear no, fear no, fear no  
Fear no one, fear no one, baby  
Fear no, fear no, fear no, fear no  
Fear no one, fear no one  
Fear no, fear no, fear no, fear no  
Fear no one, fear no one

Fear no, fear no, fear no, fear no  
Fear no one
