

## Fear

SAULT

Ego, lies  
Change, change  
Things, change  
Strange, strange  
You fear, the rage  
Night, cries  
Dark, lies  
Like Sight  
Rest, tonight  
Fake, love  
Please, stay  
Strange, strange  
Fear, the rage  
Fear-some  
Fear-some  
Fear-some  
Fear, fear

Pain is real, the pain is  
Pain is real, the pain is  
Pain is real, the pain is  
Pain is real, can't fake this  
The pain is real, the pain is  
Pain is real, the pain is  
Pain is real, the pain is  
Can't fake this  
The pain is real  
The realest, the realest pain  
The pain is, the pain is real  
The realest  
The pain is, the realest  
Pain is real (No)  
The realest, realest pain  
The pain is, the pain is real  
The realest, the pain is real  
And the realest is pain  
And the pain is  
The pain is real, the realest pain  
The pain is, are the realist  
The realest pain, the pain is  
The realest pain  
The pain is real

The realest pain  
Pain is, the pain is real  
The realest, pain is real  
The pain is, the pain is real  
And the realest, the pain is real  
And The realest, the realest pain  
The realest pain  
The pain is real  
The realest, pain is real  
When the pain is real  
The pain is real  
The pain is real
