

Feel So Good

SAULT

Mister, [?] memory [?] cover
So nice to meet you but will you pay my rent
Talking back, 'cause I know you're older
Just like [?] "I love you"
That's the way tailored dreams come true
I'll take the risk of playing around with the cheque
I know you're playing 'round with my heart

Feel so good to me, ooh
Feel so good to me, ooh
Feel so good to me, ooh
Can we go back to how it used to be?
Feel so good to me, ooh
Feel so good to me, ooh
Feel so good to me, ooh
Can we go back to how it used to be?

(I'll make you come alive)

Volcano
When you're around I never say "no"
Head on the fire, hoping I don't get burned
Seems wherever I go, the pain goes
Just like a pimp, I know you won't think about me
That's the way tailored dreams come true
I'll take the risk of playing around with the cheque
I know you're playing 'round with my heart

Feel so good to me, ooh
Feel so good to me, ooh
Feel so good to me, ooh
Can we go back to how it used to be?
Feel so good to me, ooh
Feel so good to me, ooh
Feel so good to me, ooh
Can we go back to how it used to be?

Feel so good to me, ooh
Feel so good to me, ooh
Feel so good to me, ooh
Can we go back to how it used to be?
Feel so good to me, ooh
Feel so good to me, ooh
Feel so good to me, ooh
Can we go back to how it used to be?
