

## Guide My Steps

SAULT

Heavenly Father  
You and you alone guide my steps  
You break open my heart  
Freeing me from mourning and sorrow  
You are with me as I move through this life experience  
Through you I create an alignment with your word  
The true living word  
The spirit of God  
This is faith in practice  
Love in action  
If I ever lose my way, your gentle hands lift me up  
And in my deepest despair, I know you are always by my side  
And that my suffering is never in vain  
Heavenly Father, may your radiance continue to shine upon us  
The pure warm light of your energy renew us  
And your divine influence continue to guide our way home
