

I Just Want To Dance

SAULT

I just wanna dance, dance - dance - dance
Makes me feel alive, feel alive
I get kind of mad, mad - mad - mad
We lost another life, life - life - life

I just wanna dance, dance - dance - dance
Makes me feel alive, feel alive
I get kind of mad, mad - mad - mad
We lost another life, life - life - life

Boom bap boom ba doom bap

Got to find a way out
I'm sick of hearing lies
Got to find a way out
Why my people always die

People have died

Got to find a way out

Got to find a way out
Why do they kill all the time

Rise again
Rise again
Rise again

I just wanna dance, dance - dance - dance
Makes me feel alive, feel alive
I get kind of mad, mad - mad - mad
We lost another life, life - life - life

I just wanna dance, dance - dance - dance
Makes me feel alive, feel alive
I get kind of mad, mad - mad - mad
We lost another life, life - life - life

You won't see me cry no, no, no
You won't see me cry no, no, no
You won't see me cry no, no, no
You won't see me cry no, no no

I just wanna dance
