

# I Surrender

SAULT

Little light, I know you want for nothing  
Don't give up, it's too soon  
Running away won't make it better  
Why are you crying?

Don't panic, you shouldn't trust for nothing  
I know it's too soon  
Keeping it to yourself won't solve your problems  
I know you're trying

Who loves and provides  
Our light  
You are nothing, nothing

You'll make it through  
'Cause God is watching over (God is watching over)  
Trying to figure it out but you don't trust yourself  
Why are you lying?  
It's alright, God is within you  
Don't you feel nervous  
Wipe those tears, you can handle it  
You are an angel

Oooh, I wanna laugh, I wanna cry  
Oh my  
Oooh, I surrender

La, la-la, la-la  
La, la-la, la-la  
La, la-la, la-la  
Happy in the morning, pray before I sleep at night  
La, la-la, la-la  
I trust you completely, Lord, I trust you with my life  
La, la-la, la-la  
Every day's a blessing, God I know you're by my side  
La, la-la, la-la  
You have taught my patience, I have learned to give it time  
La, la-la, la-la  
I'm only your vessel, use me 'cause I want to learn  
La, la-la, la-la  
Teach me to encourage, even when my light don't shine  
La, la-la, la-la  
Help me to forgive them, they don't even love themselves  
La, la-la, la-la  
Teach me to be strong Lord, look within my inner-self  
La, la-la, la-la  
Don't bother comparing, ain't no-one like you in your life  
La, la-la, la-la  
Thank you for my blessings, thank you for my inner peace  
La, la-la, la-la  
Sometimes I get angry, show me how to let it go  
La, la-la, la-la  
Will you walk beside me, next to you I want to grow

Oooh, I wanna love, I wanna cry  
Oh my  
Oooh, I surrender
