

In The Air

SAULT

We don't need to think about it no more
'Cause it's in the air
Playing hide and seek with God your soul knows
It's in the air
We don't need to think about it no more
'Cause it's in the air
Playing hide and seek with God your soul knows
It's in the air

We don't need to think about it no more
It's in the air
Playing hide and seek with God your soul knows
It's in the air
We don't need to think about it no more
It's in the air
Playing hide and seek with God your soul knows
It's in the air

Oh
Oh
Oh
Oh

You need your time
Last night came
A really long time
At least I came
You needed more
More, more, more
Rhythm and style
Spark's fired up
Light, light, light

We don't need to think about it no more (more)
(Light, light, light)
'Cause it's in the air (more)
Playing hide and seek with God your soul knows (light, light, light,
more)
(Light, light, light)
It's in the air (more)
It's in the air

We don't need to think about it no more
'Cause it's in the air (it's in the air)
Playing hide and seek with God your soul knows
It's in the air (it's in the air)
