SAULT

There's a love we can find
If we just close our eyes
Look above in the night
Seeing stars, wonder why
When we laugh, we can cry
When we see wake of light
Sun will shine in our minds
When we trust it's our time

There's a love we can find
If we just close our eyes
Look above in the night
Seeing stars, wonder why
When we laugh, we can cry
When we see wake of light
Sun will shine in our minds
When we trust it's our time

[?] just keep trying, trying
Open your heart that is inside of you, you're a lion
A lion, roar!
[?] just keep trying, keep trying
Open your heart that is inside of you, you're a lion
A lion, roar!
