

Red Lights

SAULT

Days will make you, feel like, the only one, on the outside
Every day goes slow, but you make sure, now you see red lights,
everywhere you go

Life will you make you, feel like, the only one, on the outside
Every day goes slow, 'cause you missed the boat, now you see red lights, everywhere you go

Am I falling again?
Is it all in my head?
Think I'm going insane?
Should I go back to bed? (bed, bed, bed, bed, bed)

Sick of counting these sheep
Every day of the week
'Cause the closer it seems
Is the further the dream (dream, dream, dream, dream, dream)

Life will you make you, feel like, the only one, on the outside
Every day goes slow, 'cause you missed your boat, now you see red lights, everywhere you go
Life will you make you, feel like, the only one, on the outside
Every day goes slow, 'cause you missed your boat, now you see red lights, everywhere you go

Think I'm moving fast, even though I see red lights
Can't stop now, even though I see red lights

Life will you make you, feel like, the only one, on the outside
Every day goes slow, 'cause you missed your boat, now you see red lights, everywhere you go
Life will you make you, feel like, the only one, on the outside
Every day goes slow, 'cause you missed your boat, now you'll see red lights, everywhere you go

Don't mess with me, my frequencies, turning up
No [?] me, dance love

Don't mess with me, my frequencies, turning up
No [?] me, dance love

Oooooooh, ooooh, oooh, ooooh
