

## Stronger

SAULT

All my life I've been holding on  
It's been crazy but still, I'm stronger  
Stronger

All my life I've been holding on  
It's been crazy but still, I'm stronger  
Stronger

Surely I will figure this out one day  
How long should I pray for change?  
I've realised  
God has his hands on my life  
All I have to do is try

Fought through the wire  
Walked through the fire  
They try bring me low, I swear I will go higher

All my life I've been holding on  
It's been crazy but still, I'm stronger  
Stronger  
All my life I've been holding on  
It's been crazy but still, I'm stronger  
Stronger

If I  
Was not meant to fly  
You wouldn't have made the sky  
I walked blind in faith  
Even when I had lost my way  
God, you never make mistakes

Fought through the wire  
Walked through the fire  
They try bring me low, I swear I will go higher  
Higher

All my life I've been holding on  
It's been crazy but still, I'm stronger  
Stronger  
All my life I've been holding on  
It's been crazy but still, I'm stronger  
Stronger  
All my life I've been holding on  
It's been crazy but still, I'm stronger  
Stronger  
All my life I've been holding on  
It's been crazy but still, I'm stronger  
Stronger
