

## Tip Toe

SAULT

There must be some light inside tonight  
Though even still the tears from your eyes, your eyes  
There must be some fight inside, don't you hide  
They're gon' see you rise, yeah

Tip-toe, wanna find out what you know  
Better stay on your tip-toe, 'cause they are so cynical  
Gotta stay on your tip-toe, wanna find out what you know  
Better stay on your tip-toes, 'cause they are so cynical

Walked out from the jail, prevail, I wish you well  
Or you won't see the day, 'cause they'll take all you make  
There must be some fight inside, don't you hide  
They don't wanna see you rise, yeah

Tip-toe, wanna find out what you know  
Better stay on your tip-toes, 'cause they are so cynical  
Gotta stay on your tip-toe, wanna find out what you know  
Better stay on your tip-toe, 'cause they are so cynical

Gotta stay on your tip-toe, wanna find out what you know  
Better stay on your tip-toes, 'cause they are so cynical

Hoping that one day we will swap  
See if you can get out the cardboard box  
Hoping that one day we will swap  
See if you can get out the cardboard box  
Hoping that one day we will swap  
See if you can get out the cardboard box  
Hoping that one day we will swap  
See if you can get out the cardboard box  
Hoping that one day we will swap  
See if you can get out the cardboard box  
Hoping that one day we will swap  
See if you can get out the cardboard box  
Hoping that one day we will swap  
See if you can get out the cardboard box  
Hoping that one day we will swap  
See if you can get out the cardboard box  
Hoping that one day we will swap  
See if you can get out the cardboard box

Tip-toe, wanna find out what you know  
Better stay on your tip-toes, 'cause they are so cynical
