And these are (these are these are)

The Private Spices of Life

The Private Spices of Life

Coz I'm having a good day today

I wash my troubles away

Coz I'm having a good day today

I wash my troubles away

And I embrace my (embrace my embrace my)

My Private Spices of Life

And I embrace my (embrace my embrace my)

My Private Spices of Life

Finally found my peace of mind

Everything is so sublime

I'm in heaven

Oh yeah yeah

No worrying is on my mind

I'm walking into paradise

I'm excited! Oh yeeea-a-a-ah

Coz I'm having a good day today

I wash my troubles away

A good day todaaaay (uuuh uuuh uuuh)

I wash my troubles away

And I embrace my (embrace my embrace my)

My Private Spices of Life

And I embrace my (embrace my embrace my)

My Private Spices of Life

Negative to positive

Darkness to light

I'm loving the reality

This is so right

Negative to positive

Darkness to light

I'm loving the reality

This is so right

So right so right so right so right
