

When I get sober  
I'll get my act together  
I will put my life in order  
No longer be a victim  
Of the devil on my shoulder  
Lord knows I've been lost for way too long  
I'm getting older  
Na muda unayoyoma aisee

Niko maji, niko maji, niko maji, niko maji  
Niko maji, niko maji, niko maji, niko maji

Call my mama  
And tell her that I'm sorry for the lies and pain I caused her  
And tell her that I never meant to turn out like my father  
Lord knows that she's cried too many tears for all my drama  
Naomba unisamehe mathe

Niko maji, niko maji, niko maji, niko maji  
Niko maji, niko maji, niko maji, niko maji

I call my daughter  
Listen to the stories of a guy that she called father  
Hope I get the courage to say sorry to her mother  
Lord knows that she tried to make it work I pray the karma  
The karma will be easy on me

Niko maji, niko maji, niko maji, niko maji  
Niko maji, niko maji, niko maji, niko maji

When I get sober  
I'll look for all my friends and make amends  
I'll drink more water  
Find somebody new to love again  
Feels like it's over  
But Lord knows that I need another chance  
To start all over  
Na Misri sirudi kamwe

When I get sober  
I'll get my act together  
I will put my life in order  
No longer be a victim  
Of the devil on my shoulder  
Lord knows I've been lost for way too long  
I'm getting older  
Na muda unayoyoma aisee

Niko maji, niko maji, niko maji, niko maji  
Niko maji, niko maji, niko maji, niko maji  
Niko maji, niko maji, niko maji, niko maji  
Niko maji, niko maji, niko maji, niko maji
