

Sol Generation

Sauti Sol

We are the leaders of tomorrow
We will lead and they will follow
So don't you listen when they tell you
Cause you're bigger than you think you are

So don't you put down your brother
Cause together you are stronger
What Jah Jah has put together
They will never lay asunder

Ghetto youth are getting wiser
They don't care about your money
It's another generation
A mental revolution

So don't you put down your brother
Cause together you are stronger
What Jah Jah has put together
They will never lay asunder

Oooooh...
