

# The Serpent Tongue of Divinity

Savage Messiah

Obscured acuity  
Distorting clarity  
Malfeasance divine  
Shattering the soul

Freedom is now abstract  
Imposed by those who act  
And so oblivious  
The war machine is raised

Wrath and perdition directed by wisdom  
Now forced to your knees to reap basic needs  
What's right or wrong? It's just a vision  
Mankind created just like your prison cell

The serpent's kiss  
(The serpent's kiss)  
Anoints the sick

Vicariously now  
Remove the human blame  
Dispose validity  
Render all slaves blind

Death and submission  
The serpent's religion  
Dementia divine  
Reaping in time

Control delusion  
To raise institution  
Reform bereft  
Slavery incepted now

The serpent's kiss  
(The serpent's kiss)  
Anoints the sick  
(Divinity)  
The serpent's kiss!

To strike the demon down  
Decapitate its crown  
To liberate its throne  
Immortal blood now flows

Wrath and perdition directed by wisdom  
Now forced to your knees to reap basic needs  
What's right or wrong? It's just a vision  
Mankind created just like your prison cell

The serpent's kiss  
(The serpent's kiss)  
Anoints the sick  
(Divinity)  
The serpent's kiss!
