

## Reach Out (Love Don't Live Here Anymore)

Savage

I just want you to know you're not alone  
Dig deep, reach out and let it out

You abandoned me, love don't live here anymore  
Just a vacancy, love don't live here anymore

I need you to dig deep down and seek help  
Coz all you got to do now is reach out

Barely 15 tryna figure out  
Where my life will lead and what it's all about  
God Give me one reason, now why I shouldn't bounce  
Why I should exist here and not up in the clouds  
Coz the edge of this ledge got me feeling hella lonely  
Can't help but think about others that stood up here before me  
If my mom had aborted it be a different story  
Now I'm pleading with God swearing and tears are pouring  
Father, don't fail me now  
Coz I need you to come and bail me out  
Or will I wake up before I hit the ground  
At the top of my lungs got me yelling out to you like

You abandoned me, love don't live here anymore  
Just a vacancy, love don't live here anymore

I need you to dig deep down and seek help  
Coz all you got to do now is reach out

2019 just came around  
Man I thank God that I stuck it out  
Still think about that day almost threw in the towel  
God sent me an angel that day to pull me down  
Man I'm here for anybody whoever needs a shoulder  
Spread positivity to those who thinks it's over  
Coz through your darkest days and when your nights are colder  
Know that God gives the hardest battles to his strongest soldiers  
Father, don't fail them now  
I'm a pray for em with my hand to the cloud  
If you could send an army of your angels down  
To every individual soul that's singing this out like

You abandoned me, love don't live here anymore  
Just a vacancy, love don't live here anymore

I need you to dig deep down and seek help  
Coz all you got to do now is reach out

You abandoned me, love don't live here anymore
