

# Save Me

Savage

So many times  
I gave my heart  
But every time  
I fell apart.

I'm asking you  
To save my soul  
And just be true.

'cause if you leave  
And walk away  
I'm all at sea  
Be here to stay.

Don't lie to me  
Just lead me out  
Of misery.

Save me  
There's no disguise  
I don't need a girl to tell me  
Little white lies.

Save me  
Don't close your eyes  
All i want is you to let me fly  
Up in the skies.

Been loving you  
For oh so long  
It seems so right  
It can't be wrong.

Don't lie to me  
For all i need  
Is honesty.

Save me  
There's no disguise  
I don't need a girl to tell me  
Little white lies.

Save me  
Don't close your eyes  
All i want is you to let me fly  
Up in the skies  
Up in the skies  
Up in the skies.
