Savage

Tell the Mrs that the weekends are just for the boys
You won't see me until Sunday don't get paranoid
Just like soldiers at the bar we got shots to deploy
Its Friday night and we gon' make some fucking noise

All you fellas just be jealous
You can't stop the girls
We're glamour and we're reckless
We got shots to spill
Boy we know how to party
When we drop the bills
It's Friday night and we gon' rock
The whole wide world

All the DJ's know that we have come
To own the night
We're intoxicated
Underneath the lights
At the bar we keep reloading
Till we crash and we burn
It's Friday night and we gon' rock
The mother-fuckin' world

Yeah, the girls
Yeah, the girls
Yeah, the girls

All you fellas just be jealous

Yeah, the girls
Yeah, the girls
Yeah, the girls

It's Friday night and we gon' rock
The mother-fuckin' world

It's Friday night and we gon' rock
The mother-fuckin' world

Yeah, the boys
Yeah, the girls

Yeah, the boys
Yeah, the girls
Yeah, the boys
Yeah, the girls

It's Friday night and we gon' rock
The mother-fuckin' world
