

Too Hot

Savage

The way you move it nuh regular
You look free
So in the groove your action only enhance the beat
On your own wavelength or frequency
Stronger your emotion, hotter the heat, yeah

You sweat up
Mi wan close to you like Gillette cut
Nice and slow, baby, no need rush
Special type of love mi wan cuff

Mmmhm, yeah
Loving the way you spark my light
Engine ignite, the moment we revel in
Girl, your body's good fi di soul
Pineapple, ginger, cayenne keep the kettle lit, yeah

Can't don't di vibe
We gon' rock it all night

Mmm, pull me closer, pull mi closer

She ain't a regular, she my queen
Yeah, dime piece from her crown to her feet
Make me go crazy, crazy
Little loco, loco
I might lose my mind if we rolling solo
But that's ok, I'm reloading
All aboard the soul train that we rolling
Queen B ten toes in, never folding
When it's time to dip, hit the switch
Burn rubber like it's stolen
Cuz it's (too hot)
Going sideways down two blocks (two blocks)
While I'm hanging out the window like 2Pac (2Pac)
Middle finger to the camera like UFA
My girl, she a rider
Homie, me what you got

(Too hot)
Cool it down, let your hair out
(Too hot)

When you step out, imma flex cuz ya

Girl, ya know I got time
If you got the energy

Baby, I can educate you
Increase di degrees even in the shade
I make you drip sweat

Your body burning up
Like the incense
You light up di place
When you move up yu waist
Di King deya fi deal wid di case
