

## Best I Can

Savannah Conley

Falling on myself, am I good enough?  
I didn't wanna take the blame for you  
Broken down, told you it was getting old  
You never wanna act your age, do you?  
I'm learning lessons that you didn't wanna  
Cleanin' the mess that somebody gave you  
But there comes a time when  
Drawing a line is the best thing I can do for you

I did, I did the best I can  
Oh, I did, I did the best I can

Hard to know yourself at all when you get off  
Anytime you've ever wanted to  
Call on all of your girls, go out and show it off  
You don't do anything alone, do you?  
I don't understand how you made a plan to die when you're young  
I think that's fucking dumb  
I don't understand how you've had a hand in everything I've ever  
done wrong

I did, I did the best I can  
I did, I did the best I can  
Oh, you make me someone I can't stand  
Oh, I did, I did the best I can

I did, I did the best I can  
I did, I did the best I can  
You make me someone I can't stand  
Oh, I did, I did the best I can
