

Dream Boy

Savannah Conley

I was playin it cool
Leaned back propped up foot against the wall
Dyin to catch your name
Your eyes were on me
Standin pretty close but far enough away
Forgot how to play this game
But I got nothing to do
And I wanna get to know ya

My dream-dream boy
I don't wanna want you but it looks like I got to
My dream-dream boy
Meltin this heart of ice so come on now I ain't got all night

Every eye in the room
Always on the boy with the hundred watt smile
So you're too pretty to want
But I only want you
But I won't make the first move

My dream-dream boy
I don't wanna want you but it looks like I got to
My dream-dream boy
Meltin this heart of ice so come on now I ain't got all night

Ahh
Ahh
Ahh
Oooh

Dream-dream boy
I don't wanna want you but it looks like I got to
My dream-dream boy
Meltin this heart of ice but come on where will I find another
Dream-dream boy
I thought I wa better than this is is that all I get my
Dream-dream boy
You're makin me think about it twice so come on now I ain't got
all night
I ain't got all night
