

Never Want To Be In Love

Savannah Conley

Never wanna be in love
But I wanna be with you 'cause
Never wanna be in love
But look at you, look at you

You saw right through me
I tried to hide
Turn my eyes from you
I'm about to lead a lonely life
But I'd change my mind for you

I never wanna be in love
I never wanna be in love
But I'd change my mind for you
I never wanna be in love
I never wanna be in love
But I'd change my mind

I'm my only enemy
Just passing time to get through
You gotta be the one to choose
'Cause I can't be, I can't be

You saw right through me
I tried to hide
Turn my eyes from you
I'm about to lead a lonely life
But I'd change my mind for you

I never wanna be in love
I never wanna be in love
But I'd change my mind for you
I never wanna be in love
I never wanna be in love
But I'd change my mind for you

But I'd change my mind for you
But I'd change my mind for you
Look at you

I never wanna be in love
I never wanna be in love
But I'd change my mind for you
I never wanna be in love
I never wanna be in love
But I'd change my mind
