

## Same Old Eyes

Savannah Conley

I'd like to see the world  
With the innocence of a girl  
But I'm older now  
I figured it out  
'Cause I'm holdin' out

I'd like to see my father  
The way other people do  
Not through the lense of a daughter  
But with a different view

But I'm stuck with the same old eyes  
I'm stuck with the same old eyes

I'm sittin' here in the dark  
Waitin' for the lights to come back on  
But I didn't pay the bill  
I guess I forgot again

I'm doin' my best, you know  
To let you in and let things go  
I guess it just takes some time  
Figurin' out what's really mine

I'm stuck with the same old eyes  
Seein' things wrong and tellin' me the same old lies  
Doctor says I've got twenty-  
twenty, but I think he's the one who's blind  
'Cause I'm stuck with the same old eyes

I'm stuck with the same old eyes  
Seein' things wrong and tellin' me the same old lies  
Doctor says I've got twenty-  
twenty, but I think he's the one who's blind  
'Cause I'm stuck with the same old eyes  
I'm stuck with the same old eyes
