

Sing to Me

Savannah Outen

We know I'm leaving soon
Won't be back until June
I miss your face when I'm away
Ahead of me are lonely days

Our love is summat complicated
I leave for months and then I'm back again
I need something that I can remember
So I can hold on to it, forever

You gotta show me love, you gotta show me life,
I need youra song before I leave tonight
Hum to the melody
Strum away to the strings
Don't just say anything, baby, sing to me
Oh, oh, oh, oh

Oh, it's hard when you're so far,
oh, it's just the way things are
Nothing has ever felt so right
Sometimes you just gotta fight

I replay it through my mind
Sing along to make things fine, oh
I need something that I can remember
So I can hold on to it, forever

You gotta show me love, you gotta show me life,
I need your song before I leave tonight
Hum to the melody
Strum away to the strings
Don't just say anything, baby, sing to me

And I feel, like I'm falling now
And I feel, like I'm falling now
And I feel, like I'm falling now
Sing your heart out, oh ooh

You gotta show me love, you gotta show me life,
I need your song before I leave tonight
Hum to the melody
Strum away to the strings
Don't just say anything, sing those words to me! You gotta show me lo
ve, you gotta show me life,
I need your song before I leave tonight
Hum to the melody
Strum away to the strings
Don't just say anything, sing those words to me!
Oh, oh, oh, yeah oh, oh, oh, oh! Yeah... Hmmmmm, sing those words to
me
