

Girl's Not Grey

Save Face

I'll lay me down tonight much further down
Swim in the calm tonight this art does drown

What follows me as the whitest lace of light
Will swallow whole, just begs to be imbrued
What follows has led me to this place
Where I belong with all erased
What follows

All insects sing tonight the coldest sound
I'd send God's grace tonight, could it be found?

What follows me as the whitest lace of light
Will swallow whole, just begs to be imbrued
What follows has led me to this place
Where I belong with all erased

I'll lay me down tonight much further down
Watch stars go out tonight on sinking ground

I'll lay me down, I'll lay me down

What follows me as the whitest lace of light
Will swallow whole, just begs to be imbrued
What follows has led me to this place
Where I belong with all erased
What follows will swallow whole
What follows will swallow whole
