

Caught in between  
What you want and what you need  
Do you still need me?  
You woke on your knees  
Pray to God I do too  
Keep your conscience clean

Is that what you call mercy?  
What is that supposed to mean?

Words in your mouth  
That you kept from coming out  
Don't you ever speak?  
Thoughts in your head  
That you take with you to bed  
Don't they ever leave?

Is that what you call mercy?  
Oh, tell me what that's supposed to mean

Caught in between  
What you want, what you need  
But you don't need me  
You woke on your knees  
Pray to God I do too  
Keep your conscience clean

Is that what you call mercy?  
What the hell is that supposed to mean?

Is that what you call mercy?  
Is that what you call mercy?
