

# Please Murder Me

Save Face

Don't spare me  
I'll ask a little more despairingly  
'Cause baby, you make me feel scary  
And I'm addicted to fear when you're near

Before you go, just let me know, let me know  
Oh, I don't think I'm in control  
Let me know, will you let me know?  
Oh, I don't think I can let you go  
Help me  
Oh baby, if your heart is a grave, please murder me

Barely  
Barely beating, breaking daily  
That's how my heart is living lately  
If you could even call it "living" at all, ooh-oh  
Fate? Please  
Fate fucking died, it doesn't faze me  
They push us drugs, we push up daisies  
While a mother buries another dead kid  
Oh, it's sick, sick, sick, whoa

How am I supposed to find a goddamn way to go on  
Now that you're gone?

Well, let me know, let me know  
Oh, I don't think I'm in control  
Let me know, will you let me know?  
Oh, I don't think I can let you go  
Help me  
Oh baby, if your heart is a grave, please murder me

So let's cut to the end  
'Cause I can't pretend like I have it in me to let you go

Let me know, let me know  
Oh, every day is a horror show  
Let me know, oh, just let me know  
Oh, take your time and kill me slow  
Help me  
Oh baby, if your heart is a grave, please murder me
