

## Let It All Go

Saves the Day

You say I won't forget what you said to me.  
I won't forget you left, begging please don't leave.  
I want to know  
What in the world has happened to you?  
It's time to learn to let it all go.

So you're forsaken cast aside and alone  
Those haunted voices in your head are all ghosts  
So long ago  
Their sideways eyes cut through but you know  
That now it's time to let it all go.

You know that I love you  
And I can't stand living without you  
But I don't know what now I can do  
oh no no  
You gotta do something  
cuz you can't just keep it inside you  
it's killing me and killing you.

Please save yourself  
I'd like to help  
but you won't let me through  
it's time to learn to let it all go.

You know that I love you  
And I can't stand living without you  
But I don't know what now I can do  
oh no no  
You gotta do something  
cuz you can't just keep it inside you  
it's killing me and killing you.
