

## After All

### Saving Abel

After all the pain you put me through  
I can't stand to see the sight of you  
And you wont drown me in your misery  
You'll have to find someone else to be your company

Fact versus opinion  
Nothing ever lasts forever  
So when she said she was leaving this time  
I smiled and said I'd let her

Cause never in my life am i so glad to see  
A something in  
So in retrospect to everything  
I'm hysterical yeah yeah

Cause after all the pain you put me through  
I can't stand to see the sight of you  
And you wont drown me in your misery  
You'll have to find someone else to be your company

It's not a question of love and hate  
You made our life together so desilant  
I'll just call this my resurrection  
My savior from self destruction

Cause after all the pain you put me through  
I can't stand to see the sight of you  
And you wont drown me in your misery  
You'll have to find someone else to be your company

Yeah they say that misery loves company  
Yeah they say that misery loves company

Cause after all that you put me through  
I never want to see you again  
Cause i have come to terms this aint no life or death situation

Cause after all the pain you put me through  
I can't stand to see the sight of you  
And you wont drown me in your misery  
You'll have to find someone else to be your company

After all the pain you put me through  
I can't stand to see the sight of you  
And you wont drown me in your misery  
You'll have to find someone else to be your company
